

This completely air-conditioned sanctuary, seating 500, was dedicated in March, 1960. Located among the orange groves in the Lake Magdalene Area, the present sanctuary is the third for this Church. The first buildings, of this the Mother Church of the Florida Conference, were erected in 1895.

Dear Friends, Billy went to
the hospital Mon. evening. Thursday
got along fine, & the tests I
showed no maligancy.
Now not gotten rid of them
there. The policy was sent.
We are suffering quite a
bit today, but think you're
expected, all appreciated
affection so much.
We have lovely tin drums.
Hope all ready good well.
Love, The Church
